May 7, 2015

Mr. Rob LeVine,  
General Manager, Antlers at Vail  
680 West Lionshead Place  
Vail, CO 81657

Dear Mr. LeVine,

I wanted to take a moment and thank you for your thoughtfulness and generosity with your Pay It Backward Event. Thank you for considering the Center for Mental Health as one of your fortunate recipients. Your generous offer gave us pause as we considered who we would honor with this gift. I would say that anyone who works for the Center for Mental Health is certainly a worthy recipient. Yet we narrowed the field down to those people who have difficult front line jobs and yet receive little recognition for the work that they do. And then we drew the name out of a hat....Laurie Grenoble.

I would like to tell you just a little bit about Laurie. She works as a care manager in our biggest clinic in Montrose. Laurie's duties include providing wrap-around care to our most ill clients. She often helps them find a place to live, and makes certain that their small income ensures that they have food on the table. She connects with them on a personal level, calling them to make certain that they are going to keep their appointments and to see if there are any barriers to care that they might have and then she helps find solutions for them to eliminate those barriers. She knows them all by name, their children too, and any social supports that they have in place, or could have in place. In essence, she holds their hand and helps them as they struggle to find their place, their life, their joy, and their recovery.

We are proud of Laurie and proud that she will be joining you in Vail to do a little self-care. She and her husband will be attending the reception and she would like to take the opportunity to introduce herself and offer a few words.

Again, thank you. We don't know how we were so fortunate to be the recipient of this generous gift, and, we are grateful.

Sincerely,

Jon Gordon, Executive Director  
The Center for Mental Health
